

**MMS2019 - Delegate Member Biography Form of Italy**

First Name	Andrea	Last Name	Adami
Title/Position	PhD/Researcher	Affiliation	Fondazione Bruno Kessler
Address	via Sommarive 18	City	Trento
Postal Code	38123	Country	Italy
Phone	+39 0461 314 497	Email	andadami@fbk.eu

Biography	Photo
<p>Andrea Adami earned the Italian Master degree in Materials Engineering in 2003 and the PhD in Information and Communications Technologies in 2010, both at the University of Trento, Italy. Since 2003, he has been holding a researcher position at Fondazione Bruno Kessler, on the topic of sensors and microsystems.</p> <p>His work focuses on chemical sensors, micromechanical sensors and microfluidics for diverse research and industrial applications. In the field of microfluidic, he has been technical manager of European and Italian projects for food quality, in particular on microfluidics for sample preparation in analytical systems. He also developed several industrial projects on MEMS, for instance for automotive applications, security and space.</p> <p>He is author of more than 70 papers in International Conferences and Scientific Journals.</p>
