

MMS2019 - Delegate Member Biography Form

First Name	David	Last Name	HERIBAN
Title/Position	CEO & Founder	Affiliation	PERCIPIO ROBOTICS
Address	18 rue Alain Savary	City	Besançon
Postal Code	25000	Country	FRANCE
Phone	+33 667 001 320	Email	david.heriban@percipio-robotics.com

Biography	Photo
<p>David Hériban is the founder and CEO of Percipio Robotics, a 8 years old French company specialized in micro robotic system design and production for industrial applications. He holds a Master's Degree in Mechanical Engineering from ENSMM (Micro Mechanical Engineering School) and a Master's Degree in Micromechatronics and Microrobotics from the University of Franche Comté. David worked for 4 years in FEMTO-ST Engineering Science Institute, to design and build a micromanipulation robotic system to handle 10 to 100 μm sized objects. Then he has been trained in business development during 2 years to finally create the technological startup Percipio Robotics in 2011.</p>
